PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, JANUARY 21, 1921

MUST PLEDGE CUT-OUT BY MARCH 1.

Decision to proceed at once with the organization of a cut-out association, adoption of a pledge binding signers not to grow any tobacco in 1921 and a request that growers held the present tobacco crop off the market, was announced following the adjournment of the meeting of county committeemen, which was held at the Lafayette Hotel in Lexington, Monday.

A general meeting of county delegates from all Burley producing counties in Kentucky, Ohio, Indiana and Tennessee was called by Acting Chairman Frank McKee for Friday morning at 11 o'clock at the Lafayette Hotel ball room to pass on the constitution and by-laws of the new organization.

A committee, composed of Abe Renick, of Clark county; H. Harke, of Kenton county; G. A. Brooks, of Mason county; N. W. Bacon, of Neville, O., and C. A. Meek, of Carroll county, was appointed by Chairman McKee to draft a tentative constitution and by-laws for submission to the meeting Friday.

The distribution of the cut-out pledge will be left in charge of the county chairman, who will start work at once, it was said, to secure pledges in all Burley producing counties in the five States represented.

The cut-out pledge, which was prepared by the law firm of Franklin, Talbot and Chapman, follows: "Whereas, it is desirable to cut out the tobacco crop of 1921, now this form pledge and all copies thereof shall be considered as one agreement and the undersigned subscriber binds himself to all other subscribers of this form of pledge and each subscriber binds himself to every other subscriber of this form of pledge that he will not grow or permit to be grown on his land or any land under his control any tobacco in 1921.

"But this pledge shall not be binding unless at least 75 per cent. of the growers of the White Burley district of Ohio, Indiana, Kentucky, Tennessee and West Virginia, sign this pledge or copies by March 1, 1921."

EXAMINATIONS NEXT WEEK

There will be examinations all next week at the Paris High School, beginning Monday. The second semester opens on January 31. That time a new section of the Freshman class will start. All children from the county schools who have completed this eighth grade may enter.

Miss Mary Dan Harbeson and brother, Capt. Robt. Harbeson, will give a concert in the P. H. S. auditorium, on Monday night, January 24, under the auspices of the Paris City School. Jules Falk, noted violinist, will give a recital in the same place on February 7, under the same auspices.

LOCAL TOBACCO MARKET SHOWS STRONGER

Following the opening sales held Monday at the Bourbon Tobacco Warehouse, and the New Independent Tobacco Warehouse, the local market was stronger on all grades. A greater demand for the lower grades was noticeable. Where the day previous there was only one bidder for the low grades, Tuesday there were several.

Prices were at least four cents per pound higher than on the sales of the previous day. The sales opened at the New Independent House No. 1, where about 140,000 pounds of tobacco were disposed of by noon. The sale then shifted to the Paris house. The Independent Tobacco Warehouse sold a total of 145,715 pounds for \$21,759.59, an average of \$14.93. At the Bourbon house the sale was blocked by darkness and was postponed until Wednesday morning.

The Paris tobacco market Wednesday was about on a par with that of Tuesday, with the common grades predominating. Prices were firm on good grades of the weed, and it is now thought the greater part of the inferior tobacco has been disposed of, and that the quality during the rest of the week will show considerable improvement. At the New Independent House, where the sale was unfinished, a total of 82,645 pounds was sold for \$11,605.42, an average of \$14.42. Prices ranged from one cent to sixty-five cents. A few of the crop averages were as follows: Thomas Mitchell, 915 pounds, average \$30.33; George Leeds, 2,820 pounds, average \$20.50; Tate & Haley, 1,645 pounds, average \$35.80; Brown & Graves, 2,985 pounds, average \$34.52; Taylor, Turney & Insko, 6,950 pounds, average \$19.56; Lynes & Whitley, 2,845 pounds, average \$27.73. The sales were continued until Thursday.

FIRST NATIONAL BANKS ELECTS OFFICERS.

At the annual election of officers of the First National Bank, of Paris, the directors re-elected all the old officers and employees for the ensuing year, and in addition elected Mr. Collier C. Dawes to the position as Teller.

Mr. Dawes is well-known in Paris. He came to this city in 1915, after his graduation at Georgetown College, as athletic director of the Y. M. C. A. In 1916 he resigned this position to take a place on the faculty of the Paris High School. He left Paris in May, 1917, to attend the first officers' Training Camp, at Ft. Benjamin Harrison, Indiana, where he graduated as a First Lieutenant. Since returning from overseas service Mr. Dawes has been farming with his father, Dr. B. A. Dawes, in Boyle county.

A statue to be erected by Americans on the Marne battlefield is to be pyramidal in form, 40 feet high.

COMMERCIAL CLUB ACTIVITIES.

The first regular meeting of the new Board of Directors of the Paris Commercial Club was held at the Peoples' Deposit Bank and Trust Co., Tuesday night, when many matters were discussed and several committee reports submitted. The water question, ice service, house numbering, and other questions received the Board's consideration. C. K. Thomas, who has served as treasurer since the organization of the Club last July, was re-elected to serve for this year, and will be an ex-officio member of the Board of Directors.

A. B. Hancock, director of organization affairs, submitted the following list of committee appointments, which was approved by the Board: Entertainment Committee—C. B. Harrison, chairman; Lee Kirkpatrick, T. S. Smylie, Pearce Paton, Rudolph Davis.

Membership Committee—Hugh Brent, chairman; H. W. Mann, D. Y. L. Farley, L. L. Price and B. J. Santen.

Publicity Committee—M. P. Collier, chairman; C. F. Sprake, Rev. Walter Cain, Will A. Hill, Louis Lilliston, Sherman Stivers and R. S. Porter.

Finance Committee—B. M. Renick, chairman; C. K. Thomas and E. H. Gorey.

A report of the Entertainment Committee, setting the next public forum meeting of the Commercial Club for Thursday evening, January 27, and the first noon luncheon for Tuesday, February 1, was submitted and approved by the Board. The committee is arranging for an address by a prominent speaker, a program of entertainment and a discussion of public questions for the forum meeting, which will be held at the Y. M. C. A. The meeting will open at 7:30 o'clock, is open to the general public, and no admission will be charged. The last forum meeting was held in November, when an excellent program was given. It is the plan of the committee to hold these meetings regularly every month and to make them thoroughly enjoyable.

A committee appointed to study the question of cleaning Paris streets, composed of Mrs. Owen L. Davis, Mrs. Fanniebell Sutherland, J. J. Veatch and W. V. Shaw, submitted a report to the directors urging, among other things, the establishment of a complete street cleaning department. The directors approved the report and requested the committee to submit their recommendations to the City Council.

Notification of the Commercial Club's election to membership in the National Chamber of Commerce was made at the meeting, and E. H. Gorey and William E. Hacker were elected delegates to the National body. Mr. Gorey was designated as National Councilor, and will actively represent this organization in the affairs of the National Chamber. The Commercial Club has been asked to vote on the question of Federal taxation, and referenda were distributed among the directors, whose votes will be forwarded to the National Chamber.

A telegram was received by the Commercial Club, Thursday morning from a large housing finance corporation, stating that the secretary of the company would be in Paris to-day, and asking that he be permitted to meet local citizens interested in the housing question. Consequently a meeting has been called for to-night at the Commercial Club office, and all interested in the problem are invited to attend.

KENTUCKY WILL LOSE SEAT IN LOWER HOUSE

The House of Representatives voted Wednesday against increasing its membership, now 435.

The vote to keep the membership at 435 was 198 for to 77 against. This action was taken by adoption of an amendment to the reapportionment bill which sought to increase the total to 483. Under the amendment twelve seats would be shifted from 11 to 2 States.

The vote for adoption of the amendment proposed by Representative Barbour, Republican, California, a member of the census committee, which reported the bill, was so overwhelming that advocates of a bigger House said they realized it would stand.

The amendment means that the following States will lose seats two years hence: Missouri two; Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Mississippi, Nebraska, Rhode Island and Vermont one each. California will gain three, Michigan two, Ohio two and Connecticut, New Jersey, North Carolina, Texas and Washington one each.

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Patrick Comack, lately of Paris, celebrated their golden wedding Sunday, January 16, with a six-o'clock dinner, at their new home in Covington. The home was beautifully decorated in yellow and white chrysanthemums. Among those who enjoyed the day were Mr. and Mrs. O. F. Malcolm, New York City; Prof. M. A. Comack, of San Antonio, Texas, Mr. and Mrs. J. F. Coffy, Providence, R. I., Mr. and Mrs. Kates, of Houston, Texas, Mr. and Mrs. T. J. Kelly, of Cincinnati, Mr. and Mrs. M. J. Schwartz, Mr. and Mrs. R. Doyle, Mr. and Mrs. Campbell, and Misses Burdett of Covington, Ky. They received many handsome gifts.

BASKET BALL NOTES

The basket ball team of the Lexington Senior High School will meet the Paris High School team to-night at the Y. M. C. A. gymnasium. A good game is expected, as both teams are going strong.

The Knights of Columbia team of Paris, and the Cynthia Athletic Club team will play on the local Y. M. C. A. gymnasium floor next Tuesday night, January 25, at 8:00 o'clock. The admission will be 35 cents. This will be one of the best games of the season. Paris is ready and fit to meet the Maiden City team, and there will be "something doing."

The Winchester Sun says of the Paris-Winchester College game here: "Wesleyan College, with an irregular line-up, owing to examinations at the College, played a team of the Paris Y. M. C. A. Tuesday night, and lost, the score being 27 to 17. This team, together with a business girls team will play here next Tuesday night, and the local management will have an official for the games, a thing the Paris team failed to provide, furnishing a person who tossed up the ball and then let them run riot."

The Business Girls' Missionary Circle and the Triangle Club, two missionary organizations for girls of the Christian church, met in a basket ball game on the floor of the Y. M. C. A. gymnasium, Tuesday evening. Members of the B. G. M. C. wore white arm bands, decorated with lavender circles and the members of the Triangle Club wore Copenhagen blue triangles. The teams further carried out their club colors in ties and head bands.

A hard fought game resulted in a score of 45 to 24 in favor of the B. G. M. C.

The line-up of the teams was as follows: B. G. M. C.—Center, Miss Lona McGold; Forwards, Miss Carrie Rose, Miss Katherine Slaughter; Guards, Mrs. Doug. Thomas, Jr., (Captain), Miss Ann Meglone; Triangle Club—Center, Miss Mamie Lee Baldwin; (Captain); Forwards, Miss Elizabeth Rule, Miss Ruby Hall; Guards, Miss Frances Kenney, Miss Mary Frances Burns (first quarters), substitutes, Miss Edna Earl Burns, Miss Nancy Deaver, Miss Laura Bell Smith. Goals were thrown as follows: B. G. M. C.: Rose 14, McGold 5, Meglone 2, foul goals, McGold 2, Rose 1. Triangle Club, Rule 4, Hall 3, Rose 3, Baldwin 2.

Miss Esther Boatright, president of the B. G. M. C., and Miss Kathleen Lovell, president of the Triangle Club, acting as business managers for their teams, are arranging for other interesting games to be played in the near future.

The basketball team from the Kentucky Wesleyan College, at Winchester, came over Tuesday night, to indulge in a "practice game" with the local Y. M. C. A. team. Paris won the game by a score of 29 to 17, thus affording the college basketballers all the "practice" they could use, and then some. The game was closely guarded by Paris all the way through. The Paris team lined up as follows: Captain Roberts, and Tucker, forwards; Chipley, center; Burnett and Post, guards.

The Lexington Herald's sporting editor pays the following compliment to the Paris High School basketball team: "The Lexington High basketball outfits will go over to Paris, Friday night, to assist the Paris High teams to entertain with a double header for the benefit of the Bourbon capital fans. Both the boys and girls teams are scheduled to play, and it looks from this end of the boat that the two contests should be two battles royal."

"Paris High has a habit of putting out strong teams, oftentimes so strong that they easily defeat the Blue Devils of Senior High, and this year it may be expected to hand the locals a warm reception. As for the girls, it will be the champions against the would be champions. Paris High girls were State intercollegiate champions last year, and this year the Lexington squad of boomers are putting in a strong bid for that honor."

MAKING OFFICIAL INSPECTION

Officials of the Louisville & Nashville, making an inspection of the Kentucky Division, headquarters of which are located in Paris, were met Tuesday at Lexington by the Paris officials. Those in the party were B. M. Starks, of Louisville, General Manager of the Louisville & Nashville; T. E. Brooks, Assistant Superintendent, Louisville; S. W. Moore, of Louisville, Master of Trains, and C. J. Elbrick, Road Master, of Lagrange.

In the party from Paris were J. A. Morrison, Superintendent; James G. Metcalfe, Assistant Superintendent; Jos. J. Grosche, Master of Trains, and J. C. Nickerson, Road Master.

BUYS LUMBER YARD.

The Bourbon Lumber Company yesterday purchased, through the Mitchell, Moreland & Mitchell real estate agency, the strip of land on South Main street, formerly owned by T. T. Templin. The property adjoins the Mansfield-Jefferson Lumber Co. The latter company will in the spring erect new offices and mill buildings on their property.

MATRIMONIAL.

—D. M. Dwelley and Miss Bobbie May White, both of Mayslick, Mason county, were granted a marriage license by County Clerk Pearce Paton, Tuesday morning.

DAWSON—MULLIGAN
—James M. Mulligan and Mrs. Fannie H. Dawson, both of Fayette county, secured license here yesterday morning, and were married at noon, at the home of the officiating minister, Rev. J. Taylor Sharrard, on South Main street.

—The following announcement cards have been issued:

"Mr. and Mrs. Robert Layson Tarr announce the marriage of their daughter, Eleanor Esther, to Mr. James Thorn Doty, on Saturday, the fifteenth of January, one thousand nine hundred and twenty-one, Millersburg, Kentucky."

—The following announcement cards have been issued:

"Mr. and Mrs. William Draughton announce the marriage of their daughter, Elizabeth Aileen, to Mr. Horace Redmon, on Wednesday, the twenty-second of December, one thousand nine hundred and twenty, Warsaw, North Carolina." "At home after the first of January, Paris, Ky."

MARTIN—JONES.

—At his residence, on South Main street, in this city, Wednesday afternoon, Rev. J. Taylor Sharrard, performed the ceremony uniting in marriage Miss Mary Addie Martin and James Samuel Jones, two popular young Harrison county people.

The wedding is the culmination of a pretty love affair which suited these two young people. The bride is a lovely girl, as delightful in manner and disposition as she is charming in person, and the fortunate groom is to be doubly congratulated. Mr. Jones is a prominent young farmer of near Cynthia, a young man of high character and standing, well-known and justly popular. He is a son of Mr. and Mrs. Frank N. Jones, of near Cynthia.

The bride wore a fetching traveling suit of taupe, with hat and gloves in harmony. After the ceremony Mr. and Mrs. Jones left for a short wedding trip. On their return they will reside with the groom's parents, until March, when they go to housekeeping.

The following cards have been issued:

"Mr. and Mrs. William M. Martin announce the marriage of their daughter, Mary Addie, to Mr. James Samuel Jones, on Wednesday, the nineteenth of January, one thousand nine hundred and twenty-one, Paris, Kentucky."

DR. WILLIAM WASSON'S WILL BENEFITS CHURCHES

The last will and testament of the late Dr. William Wasson, former resident of Bourbon county, was admitted to probate in the Woodford County Court, at Versailles, Tuesday. The document was dated July 16, 1920, and was witnessed by Dr. N. E. Berry and Miss Nellie Thomas, Harry Schoberth, of Versailles, is named as executor.

After the usual provisions for payment of funeral expenses and debts and various sums devised to relatives, the sum of \$2,000 is left to the Versailles Presbyterian church; \$5,000 to the Guerrant mission work in the mountains; \$5,000 to disabled ministers of the Presbyterian church, their widows and orphans \$2,000 to the Woodford Memorial Hospital. Houses and lots on Montgomery avenue, in Versailles, are devised to his nephew, Dr. Julian Wasson, of California, formerly of Paris.

All paintings, silverware and household furniture in the Versailles residence are devised to Mrs. Cordelia Offutt, of near Paris, his sister-in-law. After all bequests have been paid the rest of the estate is to go to the Versailles Presbyterian church as an endowment fund.

Mr. Schoberth qualified as executor of the estate in bonds of \$80,000, with Anthony Schoberth and Louis Marshall as sureties. Theodore Harris, Roy G. Williams and Dr. N. E. Berry were named as appraisers of the estate.

FIRE LOSSES IN STATE FOR SIX MONTHS

There were 594 fires in Kentucky between July 1 and December 31, 1920, the value of the property destroyed amounting to \$7,636,956, with insurance amounting to \$4,614,815, leaving a loss of \$3,022,141, according to a report filed with State Auditor J. J. Craig.

The total number of fires of unknown origin during the period were 107, of which 36 were investigated. Fourteen of the fires were submitted to the grand jury, resulting in three convictions and 11 cases are still pending.

During the same period 5,497 inspections were made, 1,435 State orders issued to correct fire hazards and install necessary apparatus and appliances, 392 risks inspected and insurance rates reduced and 11 towns inspected.

This information is contained in the semi-annual report of the department of fire prevention and rates filed with State Auditor Craig by Al Steltenkamp, chief deputy auditor.

THRIFT WEEK CAMPAIGN WELL UNDER WAY.

The necessity of thrift is being emphasized in Paris, as in practically all cities of America during the present week. A campaign to encourage saving, instituted by the National Thrift Committee, and handled locally through the Y. M. C. A., in co-operation with the banks, the Commercial Club, and other agencies, is designed to impress upon the people a higher regard for the dollar and the value of spending wisely. Adolph Lewisohn, chairman of the national committee, states the object of the move is to indicate "to people how they can better themselves, how they can make sure that in the days to come they will not leave behind them the record of a life which meant nothing but a living."

The campaign locally has been carried on largely through the distribution of literature and posters. The ministers of local churches will deliver sermons on the subject of thrift at the Sunday services. The directors of the Commercial Club at a meeting Tuesday night endorsed the thrift-drive, adopting a resolution stating that "The time has come to recognize thrift not only as a national, but a local necessity and it is only through practicing strict economy on the part of the biggest business man and the poorest laborer that we can put business on a steady basis, quell dissatisfaction, and bring the mass of the people back to common sense and sane methods of living."

FARM BUREAU SECRETARY TO SPEAK HERE.

Geoffrey Morgan, Louisville, Ky., State Secretary of the Farm Bureau Federation, will address the farmers of Bourbon county at a meeting of the Bourbon County Farm Bureau, Monday afternoon, January 24, at 1:30 o'clock in the court house. Mr. Morgan is one of the most enthusiastic and popular men in the work, and will deliver a message that will be of help to the farmers at this time. All farmer are urged to be present, whether members of the Bureau or not. At this meeting there will be an election of officers, and plans will be made for the work of the coming year.

WALTER S. MENG, President.

BIRTHS.

—In this city to Mr. and Mrs. Henry Worthington, of Vine street, a daughter, christened Ethel Margaret Worthington.

—In this city to Mr. and Mrs. Buchanan, a daughter.

—To Mr. and Mrs. Leslie Snapp, in this city, a daughter.

MARRIES GERMAN GIRL; WILL LIVE HERE.

LEXINGTON, KY., Jan. 18.—Robert Hayes Cook, retiring sergeant of the Ordnance department, who returned to Lexington, Monday, became a captive before Germany. And most extraordinary, he is very happy over it.

His gentle captor is a university girl. In April she is coming over, and they will make their home in Paris, Ky. Already she boasts of being an American citizen, although still in the educational service of her native country.

The bride was Miss Elsie Elizabeth Schwartz. Since graduation from the University of Bonn, she has been a teacher. Her home is at Metternich. Coblenz. Sergeant Cook was stationed at Coblenz for quite a period. It became imperative that he learn more German than he had at command, and he became a pupil of Miss Schwartz.

The new vocabulary he learned evidently wasn't restricted to army affairs. He got interested way over in the book, figuratively. No one but Mrs. Cook knows the speeches he dug out in his quarters, but they were eloquent enough to make an American of a daughter of Germany.

Over there business and many professions follow the military principle of enlistment. She was enlisted as a teacher and must serve her "hitch" just like a soldier. Therefore, she couldn't come back with him. But, she's coming with the cherry blossoms and wars and armies are going to be forgotten in a new springtime. English is among several languages which she speaks fluently, and she will not have the difficulties which beset some who come.

Mr. Cook talks most interestingly of France and Germany as they appear after the war. His corps followed the fighting lines closely during the conflict, and afterwards he had occasion to make numerous trips over the battlefront regions. He says that a transformation already has taken place in the restoration of towns and the cultivation of land which was bare. In a general view today, among the scars of war the piles of stone and mortar which mark where towns wholly were obliterated and the shattered trunks of trees stand out.

During a residence of two years in Germany, Mr. Cook says that he was at all times courteously treated and observed many evidences of amity. Among observations which will be of peculiar interest in Bourbon County—where no Bourbon remains—was that all 67 varieties of Kentucky whisky are to be seen in show-window racks, and the price range in Germany cities is 75 cents to \$1.50.

Just like it was when he left Kentucky and joined the army nine eventful years ago. Mr. Cook is visiting his father, Thomas H. Cook, 235 East Fourth Street.

What He Wanted.
Billy admired Charlie's rocking horse very much and begged his mother to buy him one. His mother could not understand what he wanted, so he said: "Oh, I want a horse that keeps on going and never gets anywhere."

FARM HANDS AVERAGE \$2.13 DAY AND BOARD

Farm hands in Kentucky are receiving an average of \$2.13 per day and board in 108 counties of the State, according to statistics gathered from crop reporters and just made public at the office of Commissioner of Agriculture Hanna. Hands who do not receive board as part of their pay, receive an average of \$2.68 per day in 106 counties. Twelve counties did not report on the wages paid farm hands with board and fourteen failed to report the sum paid without board.

Black Beans Bind Contract.
At some of the London docks, when two men make a trade agreement, they exchange black beans as tokens of honesty. This is regarded as more binding than a written and signed contract.

A NERVOUS WOMAN

Huntersville, W. Va.—"After I got over the influenza last spring I was all run down and suffered from functional disturbances. I suffered with bearing pains and was so nervous I felt as if I would go to pieces. My breath was so short that I could not walk up hill at all or hardly walk up stairs. Having used Dr. Pierce's Favorite Prescription with good results when I came into womanhood, I decided to try it again. I have taken three bottles and am feeling fine."—MRS. NELLIE J. BUSCH.

DANIEL BOONE TREE SUCCUMBS TO AGE

Old landmarks continue to disappear. Coincident with the death of "Devil Anse" Hatfield, leader of the Hatfield-McCoy feud, comes the report that the "Hanging Tree," a monument to the ravages of time. The "Hanging Tree" is on the Dixie Highway. It has stood for centuries. Its one large and straight limb, well foliaged in the pioneer days, sheltered Boone and his band of adventurers. In the days immediately following the Civil War the growth of the forest came to be identified with scenes and happenings real, in keeping with its name. Certain clans had this place as their rendezvous; new members while the pale moon trickled through the foliage laid their hands on the standard and solemnly swore allegiance. And it is held that in the darkness of the night shrieks and groans and pleadings for mercy often were heard to mingle themselves with the sighing of the pines and rocking of the vast oaks.

But years have gone by since law and order were established by means of force in these Kentucky hills and valleys. No longer does the masked rider gallop through our midst. Peace and good will to all men have come under the new regime, and one by one the now loved and revered traces of the past are falling away.

PUBLICATION LAW RECALLED TO KENTUCKY BANKS

Banks throughout Kentucky have just been instructed by State Banking Commissioner James P. Lewis to advertise all deposits made by them, and dividends and interest declared which have not been claimed by the person to whom it is credited within five years. Publication in two issues of a newspaper published in the county in which the bank is located is required.

Under the law publication of unclaimed deposits, interest and dividends must be made in January and must be made under the oath of the Cashier. The advertisement also must contain the source from which money is derived.

Mr. Lewis' letter, now going forward to the banks, calls attention to Article 592 of the Kentucky Statutes and instructs the bankers to place their advertisements in the newspaper of "most general circulation." Banks must clip one or more of the statements from the newspaper in which they are published and mail them to his office.

TO MARK GRAVE OF THOS. JEFFERSON'S SISTER

A move has been started to raise funds for the erection of a shaft over the unmarked grave of Lucy Jefferson, sister of Thomas Jefferson, who succumbed to loneliness and hardship soon after moving to the Western Kentucky wilderness. The grave is on a high hill overlooking the Ohio river on the farm of Carson Nelson, in Livingston county.

A Wholesome Fear.
Some highly strung persons, says a medical writer, are even afraid of inanimate objects. This accounts for many nervous people being afraid of venturing too near a plumber.—Punch, London.

FIRST THINGS IN KENTUCKY

The following interesting reminders of olden times in Bourbon county are taken from the article "First Things in Kentucky," written by Col. Jim Maret, the "Boone Way Man" in the Lexington Leader: "On Christmas Day, 1853, regular trains began running between Lexington and Paris over the Maysville and Lexington railroad; two years later the Louisville & Nashville Railroad had laid its track out of Louisville, south, a distance of probably fifteen miles."
A general camp-meeting was held Aug. 6-13, 1801, in Bourbon county, seven miles from Paris, which was attended by 20,000 people, in 1,143 vehicles, and on horseback; 500 candles, besides lamps, were used to illuminate the camp at night; 3,000 people, mostly men, were computed to have fallen and experienced remarkable bodily exercises."

OPPOSED TO BLUE LAWS

Samuel Goldwyn, president of the Goldwin Picture Corporation, is no favorer of Blue Laws. "The movement to close motion picture theaters on Sunday is a dangerous encroachment on the liberties of the people," he said in a recent interview. "It is an effort to take away from them beneficial entertainment. I maintain that motion pictures have a tremendous influence for good on the public."

WAR HERO IS TO BE HONORED

A move has been started at Franklin, Ky., to erect a monument over the unmarked grave of Jim Powell, known as the man "who would not stay out." On account of his low stature he was three times rejected at recruiting stations. Finally, his persistency caused the bar to be raised, and he had the privilege of dying for his flag.

BEWARE, HOME BREWERS!

Hereafter the individual who devotes the family kitchen to the manufacture of home brew not only must face the danger of bursting bottles and ptomaine poison, but must stand prepared to pay a \$1,000 tax. According to an announcement made by Elwood Hamilton, collector of internal revenue, the Treasury Department has issued the above ruling.

BOURBON CIRCUIT COURT

Ella H. Harris' Executrix, Etc.,
Plaintiff
Vs.—Notice of Sale
R. B. Hutchcraft, Etc., Defendants

Under and by virtue of a judgment and order of sale rendered at the November term, 1920, of the Bourbon Circuit Court, in the above styled action therein pending, the undersigned Master Commissioner on

Saturday, Feb. 12, 1921,

at about the hour of 11 o'clock a. m., at the front door of the Court House, in Paris, Kentucky, will sell at public outcry to the highest and best bidder the following described property:

1. A certain lot of ground with all improvements thereon located in Paris, Kentucky, fronting about 42 feet on Lileston avenue, (formerly Morgan street) and running along Hanson street about 130 feet to an alley 15 feet wide in the rear and of uniform length throughout, and is the same property conveyed to the said Ella H. Harris by John Kane, Jr., and wife by deed of date February 5, 1914, of record in the office of the Clerk of the Bourbon County Court in Deed Book 100, page 427.

2. A certain lot, being lot 15 in White's Addition to the City of Paris as shown on Plat of said Division recorded in the office of the Clerk of the Bourbon County Court in Deed Book 93, page 249, fronting on Fithian avenue and extending back between parallel lines to a 12 foot alley in the rear to line of Lot No. 16 on the North 208 1/2 feet, and with said line of lot 14 on the South 212 feet, and being the same property conveyed to Ella H. Harris by Nannie Chisholm and her husband, John Chisholm by deed of date March 3, 1913.

3. A certain lot of ground in White's Addition to the City of Paris, being Lot 57 as shown on Plat of said Addition, filed in the Office of the Clerk of the Bourbon County Court in Deed Book 93, page 249, fronting 60 feet on Fithian avenue, and running back of equal width to an alley 12 feet wide with line of Owens street, 144 feet to the line of lot 58, 44 feet, and being the same lot conveyed to Ella H. Harris by R. M. Harris, by deed of date March 9, 1914, recorded in the office of the Clerk of the Bourbon County Court in Deed Book 100, page 611.

4. Also a certain lot of ground, being Lot 73 in White's Addition to the City of Paris, as shown on Plat, fronting 60 feet on St. Elizabeth street, and running back of equal width to an alley 12 feet wide a distance of 144 feet, said lot lying between Lot 72 and a 12-foot alley. The said lot having been conveyed to Ella H. Harris by R. M. Harris by deed of date March 9, 1914, recorded in the office of the Clerk of the Bourbon County Court in Deed Book 100, page 611.

5. Lot No. 3, conveyed by Mattie Reagan to Timothy Shannon by deed of date October 1, 1912, recorded in the office of the Clerk of the Bourbon County Court in Deed Book 99, page 188, and described therein as follows:

Lot No. 3 in Jones' Addition to the City of Paris, fronting 45 feet on Nineteenth street, and running back the same width 140 feet to a 15-foot alley.

But there was conveyed by said Shannon to Mary Gardner 45 feet off the rear, leaving a lot 45 feet front and 95 feet deep, and being the same lot conveyed to Ella H. Harris by Timothy Shannon and wife by deed of date June 27, 1914, recorded in the office of the Clerk of the Bourbon County Court, in Deed Book 101, page 202.

6. Lot 4 in Jones' Addition to the City of Paris as shown on Plat, Jones Addition, being part of the Old Fair Grounds fronting 44 1/2 feet on the west side of Nineteenth street, and on Clifton avenue, 140 feet and running back to an alley 15 feet in width, said lot being 44 1/2 feet in the rear.

Less lot conveyed to Mrs. Mary Gardner 45 feet off the rear, leaving

said lot 95 feet in depth, and being the same lot conveyed to Mrs. Ella Harris by Timothy Shannon and wife by deed recorded in said office in Deed Book 101, page 202.

7. A house and lot conveyed to Ella H. Harris by B. F. Harris' heirs by deed of date November 6, 1916, and therein described as follows:

A certain house and lot of ground situated at the S. E. corner of Fourth and Pleasant streets, Paris, Kentucky, fronting 93 1-3 feet on Pleasant street, and extending back along line of Fourth street 90 feet, 3 inches to the line of Brewer; thence at right angles with Brewer's line S 59 feet; thence at right angles in an easterly direction 50 feet to line of the lot of Anna Hutchcraft; thence S. with her line 10 feet; thence E. with another of her lines 56 feet to the line of lot of the Power Grocery Company (formerly B. F. Harris); thence at right angles W with Hinton's line 56 feet; thence at right angles in a northerly direction 158 feet to Pleasant street, and being the same property conveyed to her by the heirs of B. F. Harris, as above said, by deed of record in the office of the Clerk of the Bourbon County Court in Deed Book 102, page 629.

8. A vacant lot conveyed to her by B. F. Harris' heirs November 6, 1916, and described as follows: A certain lot of ground on the East side of Pleasant street, fronting 40 feet on said street and extending back between parallel lines 158 feet to the line of Ella Harris and on the South by the lot of Hinton and being the same property conveyed to her by the heirs of B. F. Harris, as aforesaid, by deed recorded in Deed Book 102, page 628, Bourbon County Clerk's office.

Said sale will be made upon the credits of six and twelve months, the purchaser or purchasers being required to execute their two bonds with good and approved surety for equal parts of the purchase money, each due six and twelve months from date of sale respectively and bearing interest at the rate of six per cent. (6%) per annum from date of sale until paid, said bonds to have the force and effect of judgments with a lien retained upon the property to secure their payment.

Said sale is made for the purpose of settling the estate of Ella H. Harris and R. M. Harris.

EDITORIAL FLINGS OF THIS THAT 'EN 'TOTHER

With the inferior grade of tobacco that is being sold on the markets this year, we shudder to think of what kind of cigars the manufacturers will hand us next year.

Two hip pockets are still made in men's trousers. One of them at least, under present conditions, is an unnecessary appendage as there is nothing to fill it with.

President-elect Harding has gotten rid temporarily of the nightmare of Cabinet-making, and is listening to what wild waves are saying away down on the Florida coast.

A Paris man is the opinion that no man can swear truly as to the taste of "moonshine," as those who drink it have found out that it is necessary to swallow it so fast as not to taste it.

A Kentucky mountaineer took his children out of school because the teacher spelled "tater" with a "p." A teacher with no more learning than that would be likely to put an "o" in front of "pessum."

Discovery of up-to-date specialists in treatment of children that the child requires roughage explains why it almost never kills ten-year-old Mike to show the sissies what a man he is by eating the shells along with the peanuts.

A Kentucky automobilist who drove upon a resident's front porch, not allowing a stone column to stop him, was promptly arrested. There is no diminution of Kentucky hospitality, but a fellow whose eye is on the latch string should take his foot off the accelerator.

Reckless charges against public officials and extravagant misstatements about affairs in general at least gain a certain amount of publicity though the amount of good accomplished isn't comparable to that which might result from a more sober and reasonable attack.

Governor Morrow finds that the dry law has made moonshine whiskey a worse peril than ever to the youth of the State. We suppose that when the moon shines on the Blue Grass the law enforcement officers are dazed. That is a curious natural phenomenon!

Have you noticed that every person appearing on the screen in the guise of a "minister" wears the collar of a Catholic priest, the hat of a Church of England vicar, the frock coat of a Presbyterian, and the spats of no clerical person on God's earth? And he also carries an umbrella, indoors and out, and when performing the marriage ceremony (which is his only function in the movies besides getting laughed at) he reads it out of a Bible, in which, of course, it was never printed.

There is courage that amounts to recklessness in Senator Harding's reply to Miss Lucy Page Gaston, of the Anti-Cigarette League. To save the youth of America from the tobacco habit would be a fine thing, he opines, but to quit using tobacco simply to please the faddists would be to dishonestly convey an impression of support. Those who preach, whether by word or by example, should practice.

Pool is a mighty fascinating and scientific game, and it is astonishing the number and character of its devotees. In a Paris pool room the other day we saw a man well up in years, a candidate for a highly important public office, a man with grandchildren—yet in whom the spirit of youth seemed still unabashed—playing a game of pool with four young men. And he was enjoying it immensely, too! And so, did the spectators!

BARN BURNED WHEN COW KICKS LANTERN.

The large barn on the farm of David C. Fox, three miles from Mt Sterling, on the Owensville pike, was destroyed by fire early Wednesday morning. A farm employee was milking in the barn, when the cow kicked over the lantern, which set fire to some hay and the entire structure was soon in flames. A large quantity of grass seed, hay, corn and tobacco was destroyed, together with some farming implements. The loss is partly covered by insurance.

ENGINE DOME CAP BLOWN OFF.

The dome cap on passenger engine No. 30 of the Louisville & Nashville, blew off in the company's roundhouse, in the South Paris yards, while being tested. The report of the explosion was heard for some distance. The engine had just been overhauled and was being steamed up preparatory to making a run.

In its upward flight the cap tore a hole in the roof about ten feet in diameter, and on the rebound struck in a different place, making another large hole. The whistle and other parts of the cap were not recovered. The cause of the explosion is a mystery. Machinist Walter Oakley, who was at work on the engine, received several slight wounds about the face and head, none of them of a serious nature.

Persons who claimed that they had held communications with the dead, in the sixteenth century, were burned at the stake.

LODGE NOTES.

From 50 to 75 candidates will cross the burning sands to the Mecca of membership in Oleika Temple, Ancient Arabic Order of Nobles of the Mystic Shrine at a ceremonial to be held Washington's birthday, February 22. The date was set at the January meeting of Oleika Temple last week.

Copies of a proclamation by Supreme Chancellor William Ladsw, calling upon all subordinate Pythian lodges to observe the Pythian anniversary February 19, are being mailed to all the lodges in Kentucky by Grand Keeper of Records and Seal J. W. Carter. The date will mark the order's fifty-seventh anniversary.

G. Allison Holland, who is also Grand Recorder of the Grand Council of Kentucky, Royal Select Masters, was installed for the fourth year last week as the Grand Secretary of the Grand Chapter of the State Royal Arch Masons. The ceremony was at the meeting of Lexington Lodge, No. 1, Chester D. Adams, holding the proxy of the Grand High Priest, making the formal installation. Mr. Holland also is chairman of the Million Dollar Drive of Kentucky Masons for the Masonic Widows' and Orphans' Home at Louisville.

Capt. William W. Dudley, in command of A. J. Lovely Company No. 34, Uniform Rank Knights of Pythias, received a letter yesterday from Cynthia lodge, extending an invitation to the Paris company to join Cynthia Company No. 15, U. R. K. of P. in a joint inspection and social session to be held in Cynthia at a date yet to be named. No. 34 will send a representative delegation to attend the meeting.

At the recent meeting of Paris Lodge Rebekahs, the following officers were elected to serve for the ensuing term:

Noble Grand—Mrs. Francis Hall, Vice-Grand—Mrs. Bruce Bowling; Secretary—Mrs. Ida W. Snyder; Treasurer—Mrs. Lula Ewalt; Chaplain—Miss Ollie Chambers; Conductor—Mrs. Tarcie McDuffey; Warden—Mrs. Annie Napier; Host—Horace Nelson; Right Supporter to Noble Grand—William Bowling; Left Supporter to Noble Grand—Mrs. Julia Nelson; Right Supporter to Vice-Grand—Miss Maymie Collins; Left Supporter to Vice-Grand—Mrs. Lina Dennison; Inner Guard—Dora Scott; Outer Guard—H. G. Nelson; District Deputy—Miss Alice Ewalt.

A meeting was held last night in the lodge room, when arrangements were perfected for the regular meeting, next Thursday night. At this meeting the degree team of the Cynthia lodge will attend, and will confer the Rebekah degree on several candidates.

Duroc Jersey Bred Sow Sale

FRIDAY, JANUARY 28th

MR. FARMER:

The old red sow is, at this particular time, the FARMER'S FRIEND—THE MORTGAGE LIFTER—if she ever was.

We all know that nothing leaving the farm today affords the same margin of profit as the hog. This margin is sure to spread.

On the above date we will sell (at the price you make) 40 HEAD of great big, stretchy sows and yearling gilts of the very best blood lines and good as the breed affords, bred to our \$3500 herd boar for March litters.

Come early and inspect the offering. Sale regardless of weather in W. S. Meng's heated pavillion.

Lunch at noon; sale at 1 o'clock. Catalog now ready.

TO THE DEMOCRATIC VOTERS IN HUTCHISON PRECINCTS 1 AND 2.

In answer to a call made upon me sometime since to become a candidate for Magistrate in the Hutchison precinct, I accept the call and do now announce myself as a candidate for the office of Magistrate in said precincts at the primary election next August.

I am not a member (nor will I be) of any combination of clique, and am under no obligations whatsoever to any one. I am not a politician, never have been, but I will say this, if I am elected, I promise you the best there is in me, and will serve you as I would like to be served. Thanking you for your consideration and soliciting your votes, I am,
Yours Very Truly,

BITTEN BY DOG

When Dr. Francis P. Campbell, veterinary surgeon of Paris, was walking through the yard at the home of James McClure, Jr., on the Winchester pike, he was attacked and bitten on the calf of the leg by a small dog which Mr. McClure had brought home with him from Honolulu, when he was in active service there. Dr. Campbell cauterized the wound and the dog was killed, its head sent to the Pasteur Institute in Louisville, for examination.

Three small children of Warren Williams, mail agent on the Louisville & Nashville railroad, were bitten by a dog, which was afterward killed. Upon examination the dog was found to be suffering from rabies. The children are under medical supervision and treatment.

LOCAL CHAPTER "D. OF C. TO CELEBRATE BIRTHDAYS

Richard Hawes Chapter, Daughters of the Confederacy, has perfected arrangements for a joint celebration of the birthdays of General Robert E. Lee, and General Stonewall Jackson, to-day, January 21. The celebration will be observed with an appropriate program, in the court house, at 2:30 p. m., to-day. General Lee's birthday is January 19 and General Stonewall Jackson's on January 21, so it was decided to make the celebration a joint one on the date named. All members of the John H. Morgan Camp, United Confederate Veterans, and the members of their families are invited and expected to attend the meeting. A full attendance of the membership of the D. of C. is also asked for this occasion. At the conclusion of the program a social hour will be observed and refreshments served.

SIMON BUILDING LEASED TO GEORGIA FIRM

A deal was closed in this city Wednesday night by Baldwin Bros., owners of the big two-story business house on Main street, at present occupied by the Simon Department Store, by which the building is leased for a term of five years to a firm composed of E. I. Milner, Lexington, and Albert Purling and Morris Guttman, of Georgia.

The new lessees will be given possession of the building on March 1, when they will make a number of new improvements, installing a passenger and freight elevator and other additions. They will put in a complete stock of ladies' ready-to-wear garments, and novelties, and will conduct an up-to-date establishment in every respect. The lessees are members of a concern operating a number of such stores at other places, and stand high in the business world. Paris will welcome them to our business life.

BANK CASHIER'S HOME DESTROYED BY FIRE

With no fire protection in Stamping Ground, in Scott county, its newest and finest home belonging to C. B. Roberts, bank cashier, was destroyed at midnight Monday night. The entire town braved the elements to lend aid by carrying water to extinguish the flames, but nothing was left but the walls. The dwelling cost \$16,000. It is thought the fire may have been caused from the furnace which had been started Sunday to dry out the interior. Insurance of \$6,000 was carried.

THE PEOPLE WANT TO KNOW

Many citizens of Paris are wondering why some kind of arrangement can not be perfected by the city for effecting a more rapid drainage at the corners of streets intersecting Main, so that they will become passable after a hard rain or an accumulation of snow and slush.

The side streets from Pleasant to Main at several points have a fall of several feet, throwing large quantities of water to these corners after a hard rain. Sometimes they are almost impassable. Water stands in large puddles, especially at the corner near the Paris Billiard Co.'s place of business, at the corner of Main and Fourth, and at other places. What is the remedy?

ENDORSED AT HOME

Such Proof As This Should Convince
Any Paris Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Paris adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it:

Robert Link, proprietor grocery store, 1631 S. Main street, Paris, says: "I have found Doan's Kidney Pills to be the best kidney medicine I ever used and can't recommend them too highly. My back had given me no end of trouble and there was a steady, dull ache just over my kidneys. My kidneys acted too frequently, too. I began using Doan's Kidney Pills and in a short time I was completely rid of the trouble."

Double Quantity.

The little boy across the street was very much puzzled over the arrival of twin baby brothers. Upon learning that one of his little playmates had a new baby at his house, Buddy rushed over to see it. When he looked in the baby buggy he exclaimed, "Oh, is your baby only ONE? Ours is TWO?"

(Incorporated)

GREAT WEALTH OF NATION HELD BY FEW FAMILIES

NEW YORK, Jan. 18.—Fifty families in the United States control over \$100,000,000 each; 100 families control over \$50,000,000 each and 500 families control over \$10,000,000 each.

John D. Rockefeller's estate is now up to \$3,000,000,000.

Five billion dollars of wealth in the United States has been handed down to heirs, many of whom were incompetents, in the past fifteen years.

Two hundred persons in the United States control \$15,000,000,000; in France the same amount is controlled by 480 times that number of people, or 96,000.

Industrially, the United States is becoming dynastic—there is a veritable dynasty in each important industrial structure, some of which are:

Sixty per cent of the tobacco trust wealth is in the hands of ten families.

Twelve families, with the Rockefeller family away in the lead, control 50 per cent of the oil industry.

The railroads of the country are controlled by 1.3 per cent of the stockholders.

One and one-half per cent of the stockholders in the steel trust possess 51 per cent of the stock.

Two families control 51 per cent of the stock in the harvest interests.

Klein Gives List.

These figures on the concentration of wealth in the United States were obtained from Henry H. Klein, deputy commissioner of accounts of New York City, and a deep student of economic affairs. He has spent ten years collecting concrete facts on the pyramiding of American wealth.

Mr. Klein's attention was called to the recent statement of George P. Hampton, managing director of the Farmers' National Council, that thirty-three individuals own 2 per cent of the entire American national wealth. He estimated this 2 per cent at about \$4,837,000,000. Mr. Hampton gave no names, but the following list of individuals and estates and the vast holdings, checked up to a recent date, was given by Mr. Klein:

J. D. and William Rockefeller, 3 to 5 billions; Pratt family, \$400,000,000; Harkness, \$400,000,000; Carnegie, \$300,000,000; Weyerhaeuser estate, \$300,000,000; Vanderbilts, \$300,000,000; Astors, \$300,000,000; Payne Whitney family, \$200,000,000; Frick estate, \$150,000,000; Goetts, \$100,000,000; J. J. Hill estate, \$100,000,000; Hetty Green estate, \$100,000,000; Field estate, \$100,000,000; Harriman, \$100,000,000; Morgans, \$150,000,000 to \$200,000,000; Armours, \$100,000,000; Flagler estate, \$100,000,000; Anthony Brady estate, \$100,000,000; Goulds \$100,000,000; Widener, \$80,000,000; Geo. Farrbaker, \$80,000,000; Stillmans \$60,000,000; Isaac Stevenson, \$70,000,000; Kennedy Todd group \$75,000,000; Sage estate, \$60,000,000; Blair estate, \$50,000,000; Rhylanders, \$50,000,000; Rogers \$50,000,000; Archbold estate, \$50,000,000; Mills estate, \$50,000,000; Daniel Reid estate \$50,000,000; Plant estate, \$50,000,000; Searles estate, \$40,000,000; Swift, \$100,000,000; Morris, \$50,000,000; A. C. James family, \$60,000,000; Cleveland Dodge, \$60,000,000; Pullman estate, \$50,000,000.

Concentration in Last Stage.

There are many families, Mr. Klein mentioned, in the \$40,000,000 class and this includes Mrs. William Leeds now Princess Christopher, of Greece and Alexander Smith Cochrane, until recently America's "richest bachelor," and now the husband of Mme. Ganna Walska, opera singer.

Mr. Klein's list, which is several pages long, does not go below the \$10,000,000 class.

He has compiled these figures and data on those "who own America" to point out the danger of the concentration of wealth in the United States the evils of tax-exempt securities which are heavily held by the big estates, and in advocacy of a constitutional amendment for the limitation of private fortunes. Mr. Klein pointed out that most of the Rockefeller institutions are supported by wealth invested in tax-exempt securities, "and he added, 'they haven't spent what they have saved in taxation.'"

"The concentration of wealth in the United States," the deputy commissioner declared, "has reached the last stage. It will be very dangerous to permit it to go further. The economic structure is top heavy and it cannot be cured by any wild-eyed theories of Socialism or Bolshevism. The top must be sliced off; it must be made to stand the burden of governmental expense."

Expects Industrial Serfdom.

"Colonel House at the peace conference proposed a capital tax on wealth throughout the world to pay for the war, but his suggestion never received much publicity. I talked with him about the matter. Something along this line must be done to bring the world situation back to normal. Under the present system Europe can not pay her debts. The only remedy I see is for the governments, with the United States pointing the way, to limit the amount of private fortunes, taking the excess, thus regulating monopolies and fixing the prices on all commodities. All taxes will be reduced. Private initiative will not be crushed by such a program, because no one man will be able to become richer than any other."

"My figures, which I will publish within this year, will show the varied danger of unrestricted wealth accumulation. Private monopoly from which these riches take their origin is no longer tolerable or excusable in this country. It has run its course just like other economic systems. The only alternative to private monopoly is public monopoly, and the only safe way to obtain that is to limit what the individual can have and transfer the surplus back to the nation. Otherwise, with this wealth accumulation proceeding—and it is getting worse each year—we will have industrial and political serfdom."

"Taking Mr. Rockefeller income, for instance, has not reduced his

Pounds

"At the time I began taking Tanlac I only weighed eighty-four pounds, but now I weigh a hundred and seventeen," said Mrs. J. E. Donovan, of 813 Temple street, Hinton, W. Va.

"For more than a year before I began taking Tanlac I suffered untold agonies from indigestion after every meal. I went for days at a time without eating anything, but had constant pains in my stomach whether I ate or not. I fell off to almost a living skeleton, and for four months lived on nothing but bread and milk and had to spend almost all that time in bed."

"I sought relief in every direction, but it was all in vain until I got Tanlac. I finished my fourth bottle of Tanlac a few months ago, feeling splendid and haven't had a touch of indigestion from that day till this. I eat and sleep fine, have actually gained thirty-three pounds, feel good all the time and can do all my housework with ease. I will never forget Tanlac, for it is the only thing that ever helped me and I firmly believe if I had not taken it I would still be a sick woman."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

COAL PRODUCTION INCREASES.

Coal production increased in every mining district in Kentucky except the western district during the week ending January 1, according to the weekly statement of the Geological Survey. In the western field the car situation caused some loss of production, but in all the other districts what loss of production there was principally was caused by lack of market and labor shortage. Labor shortage decreased as a factor in production, but lack of market caused a shortage of 26.4 per cent in the production of northeastern Kentucky, with smaller percentages in other districts.

POLAND NOW RIVALS PLIGHT OF BELGIUM

Children Chief Sufferers in Land
Stripped of Necessities,
Says Relief Worker.

Poland is in the destitute state for want of food and clothing among the poor that Belgium would have been during the war, had there been no commission for relief in that country, according to Dr. Vernon Kellogg, American Relief Administration official, who recently returned from Warsaw.

Dr. Kellogg was a member of Mr. Hoover's staff in Belgium, and at the conclusion of hostilities, entered Poland as the Hoover emissary in charge of food relief. He first entered Poland in 1913, a few months after the German occupation. His report of starvation, disease and suffering that existed at that time is one of the most harrowing documents in the records of American relief work overseas.

Dr. Kellogg made the following statement regarding the work after the armistice:

"With Warsaw as our headquarters, we began operations in Poland in January, 1919, and within a few weeks there was established a steady importation of food into that country. Tons and tons of it came from overseas through the Port of Danzig."

"It was impossible to do all that the administration wanted to do, because the need of Poland was too great, but it was agreed that enough food should be sent to Poland to care for the four million people until the great agricultural districts could again provide for them."

"But in addition to these four million people who so pressing needed relief, there was another call for relief from a source that could not be resisted; the children of the land. Many of these were orphans, hungry, emaciated, destitute and diseased. So the American Relief Administration added to its work by instituting a system of feeding these children. In a few months a million and a quarter Polish children were getting a free meal every day of special food prepared to counteract the effects of their previous undernourishment."

To finish the job eight great organizations have united under the name of the European Relief Council to raise the funds necessary to care for the food needs and the medical needs of the 3,500,000 children of Eastern and Central Europe. These organizations are the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

GRAY SAMARITANS RESCUING CHILDREN

The Young Women's Christian Associations of the United States are keenly interested in the movement for the relief of the 3,500,000 starving children of Europe because a group of their members, the Polish Gray Samaritans, have been in charge of distributing food to children in Poland. They have been serving under the American Relief administration and have conducted food kitchens and distributing stations in all parts of Poland outside Warsaw.

In all the relief work being done in Europe, that of the Polish Grays has been unique because all the girls, though sent from America, were either born in Poland or are of Polish parentage. When the need for social service in their country became acute many girls of Polish descent answered the call of the Young Women's Christian Association for overseas service and enlisted in the preliminary training course that was given in several cities of the United States. From this group thirty girls were chosen and sent to Poland where, since 1918, they have been caring for the children of the country. The distribution of clothing has taken them into all parts of Poland.

They are now spending their entire time in arranging for the feeding of children this winter. Groups of them travel to strategic centers in outlying districts where they set up distributing stations, receive supplies, prepare meals, arrange for impartial distribution and train helpers to continue the work when they are sent on to the next town.

COLUMBUS KNIGHTS AID CHILD APPEAL

James A. Flaherty, of Philadelphia, supreme knight of the Knights of Columbus, declared that the K. of C., in response to an appeal from Herbert Hoover, chairman of the European Relief Council, had decided to take an exception in their policy of refraining from any national campaign for funds for relief or charitable work.

"The need of the starving and sick children of Europe is so urgent," Mr. Flaherty said, "that the Knights of Columbus feel it duty bound to devote themselves to the common task of raising funds for the relief of these children. An organization it is our intention to conduct no distinct K. of C. drive for funds, although members of the organization are frequent contributors to all charitable drives. But in this case we feel that the emergency calls for the united efforts of all Americans and we consider it a privilege to have partnership in this great work of mercy."

"Life" for Song Leader.
 Aroused to enthusiasm by the good work he had done for them the inmates of the county workhouse at New Castle, Delaware, requested the warden to give Emerson Stone, song leader of the Wilmington Community service, a life sentence in the institution.

"Warden, keep that guy!" called out one of the prisoners when Mr. Stone was about to leave after conducting a "sing" in the workhouse recently. "Give him life. He's too good to get away from this place. We want him all the time."

Mr. Stone, formerly a cowboy in Montana, arranged with the warden for weekly sings in the workhouse, with special Sunday song services in addition, and he is considering the organization of glee clubs and a band among the inmates.

"I was certainly delighted with the music those men made," said Stone to the warden after the first entertainment. "There is no reason why we could not organize at the workhouse with such material, a really fine glee club. We did that out in Montana, where we have an honor system for penal institutions admirably worked out."

Mounting a Print Without Buckling.
 How many times have you pasted down a paper or mounted a print to find that when it dried it had buckled disappointingly? The Scientific American gives the following instructions as to how to avoid this difficulty:

Keep the mount flat and with a small wad of cotton wetted in clean water, slightly dampen the approximate area to be covered by the print. Cover the back of the print with paste—preferably arabol—smooth and thin. Apply the print to the mount, and with aid of a paper blotter and a small roller smooth the print from its center outward. No paste will appear outside the limits of the print; any dampness exceeding these limits will evaporate. Any paper shreds left by the blotter, etc., may be wiped clean from the print's surface with the same damp wad of cotton.

Testing Strength of Concrete.

As the strength of a concrete mixture is much affected by the amount of water contained, the novel apparatus of the United States bureau of standards is designed to give an accurate test of the fluidity of flow. A circular table-top mounted on a plunger is raised and dropped half an inch by a cam on the shaft of a hand-crank. A sample of the mixture, molded into a truncated cone 6 inches tall and 8 to 12 inches in diameter, is placed in the center of the table, and the crank is given 15 revolutions. The average diameter to which the sample is spread out is divided by the original diameter and multiplied by 100. The result is the flowability number—150 indicating a strong material for bricks, and 225 one suitable for reinforced concrete.

Matter of Taste.

 He—I don't think much of this show.
 It isn't as good as "Listen, Lester."
 She—But it's not the same kind of show.
 He—I know it. But it hasn't any catchy tunes.

WOULD YOU HAVE 'EM BACK?

The time when every boy began winter with red mittens and copper-toed boots; when every girl had a heavy-knitted comforter and thick arctics; when they sat through morning recitations in anticipation of a lunch pail full of drum sticks, bread and butter, boiled eggs and doughnuts; when cheeks were as red as the recess apple—this is the time our board of estimate stands for, says New York Post. The days when every mother cared for a roomy house, baked, washed, sewed and prided herself that nobody's premises were cleaner, no one's children were better dressed and no one set a better table. The period when children applied themselves to solid mental nutriment like Morse' geography, McGuffey's readers and an arithmetic which went straight through compound proportion without answers in the back. People had large families in those days. They had no patent foods, no charts, no dally weighing, but their youngsters were invulnerable to disease. There weren't a lot of faddists then besieging boards of estimate for visiting nurses. Housewives would have thrown long-nosed experts on infant care out of the door in dudgeon. They would have nailed up notices that they were too busy redding up the house to tralipse to the door for every visiting teacher, truant officer, home nurse and probation agent.

Lenine has been on trial before some sort of Bolshevik tribunal or mass-meeting, the results of which have not yet reached the civilized world. The charges were tyranny, autocracy, corruption and a few other vagaries of a similar sort. Lenine is represented as admitting that the industries of the country were in a very bad way, and that Russia faced starvation through the winter. The remedy for this, he said, was to use more force to compel the peasants to bring their produce to market. They have refused to do this because they got in exchange for their produce paper money so worthless that it is cheaper to light a cigar with a 100-ruble note than to use a match. It is a most hopeful and encouraging fact that some of the Bolsheviks had the courage to bring the charges and to go through some sort of form of trial, says Indianapolis Star. Apparently the terror is beginning to fall. Lenine may ponder on the fate of Robespierre.

The true idea of thrift is to earn more than you spend. Just as factory owners set aside something out of their profits each year into a depreciation fund with which to rebuild their worn-out plant, so each of us should endeavor to make our wages sufficient to give a personal depreciation fund, says Omaha Bee. Few of us can hope to be rich, but it is within the reach of most to acquire by industry and economy sufficient to meet our wants and provide for old age.

The whole nation has a house shortage. If things keep on there will have to be a return to the biblical condition of dwelling in tents, and even then the profiteers will confront the tent dwellers with the high cost of ground rents. In fact, remarks Baltimore American, the only way of dealing with the profiteers seems to be a drastic one like boiling in oil, or rounding them up in front of a machine gun, battery.

The effects of the elections in Austria show that no union with Germany is desired. Plainly, the people had enough of the last union between the two nations and the condition to which it brought Austria in its humiliating "Me, too" role, a role it would be called again to play in any future union.

It is said that foreign agents are working in this country against the interests of the American merchant marine. If they are, remarks Baltimore American, the law should certainly find a way of dealing with their pernicious activities and ridding the country of the agents also.

In Burmah wives are bought from the parents, and according to cable dispatches the high cost of wives is creating a lot of unrest there. In America there is no such original investment to cause unrest, but it is brought on by the upkeep.

The virtue of hazing in educational institutions is that after one has forgotten all that he was supposed to learn he still retains the memory of some humiliating if not humorous incident to bind him to his alma mater.

Anyway, quite a number of men and women not far beyond middle age can remember the time when it was not uncommon for a person to get a fresh egg for breakfast. But few town folks of the younger group can say as much.

Much movement of liquor is reported since the decision of the federal supreme court legalized certain forms of its movement. Still the principal movement continues to be that between the cup and the lip.

FREE YOUR BLOOD FROM POISON

**Take Pepto-Mangan, the Famous
 Blood Tonic Prescribed by Physicians For 30 Years**

Sluggish blood clogged with poisons makes you lazy. You never feel like getting up in the morning. And when you do get up, you miss that feeling of refreshing rest. You feel more tired than when you went to bed. After a good night's sleep you should get up with a spring, feeling alive, renewed, refreshed.

And you would, too, if your blood was full of red corpuscles. Your complexion would look fresh, your eyes bright and clear; you would feel the warm tingle of good health.

Look to your blood if you have that lazy feeling in the morning. Begin taking Pepto-Mangan—the ideal tonic. It has blood-building properties that pick you and give you strength.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form. Both have the same medical properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the full name and be sure the full name, "Gude's Pepto-Mangan," is on the package. (adv)

WEST KENTUCKY TOWN IS RULED BY WOMAN

Equal rights of women in operating city government affairs is illustrated in Bandana, Ballard county, where eight women hold the reins. Bandana is the first town in Kentucky and among the few in the United States where the entire board of trustees is composed of women and three of the six town's officers are women. Mrs. Annie Hahs, chairman of the board of trustees, by virtue of her office is the Mayor of Bandana. Mrs. Ora Roland is town treasurer, and Mrs. Myrtle Hahs, clerk; Mrs. Willie Austin, town assessor.

Must Be Guided by History.

The surest way to reach the Unknown is by multiplication of the Known. Just as there are no shortcuts in science, so there is no way whereby we can ignore the tried formulas of a political history in developing a truly representative government.—Exchange.

New York's Early Days.

New York's first fire chief was Anthony Lamb, a mathematical instrument maker, who received \$60 a year for his services. Fine engines worked by hand came into use in 1731 and were kept in the city hall.

A CLEAR COMPLEXION

**Ruddy Cheeks—Sparkling Eyes—
 Most Women Can Have**

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 50c.

Are YOU Run-down, Weak?

Birmingham, Ala.—"Dr. Pierce's Golden Medical Discovery is the best tonic and builder I have ever known. I was in a run-down and weak condition when I started to take the 'Discovery', and that first bottle so strengthened me that I kept on with it until I had taken three bottles, and then my health was absolutely perfect. I never hesitate a moment in recommending Dr. Pierce's Golden Medical Discovery as the very best of tonics."—MRS. ANNIE DIAL, No. 2609 Tompkins Avenue, North. All druggists.

WOOL SELLS FOR 20 CENTS

Thirteen thousand pounds of wool, pooled by Christian County wool growers last spring and for which a top price of 35¢ cents a pound for clear wool was refused at that time, was sold Monday to a Hopkinsville dealer at 20 cents for clear, 15 cents for slightly burry, and 10 cents for medium burry. Since the first offer was rejected, the wool had been kept in storage. Market conditions grew worse instead of better and the owners of the wool decided to let it go rather than hold it longer and take further chances.

**ABLE TO

**After Long Suffering Mrs. Siefert
 Was Restored to Health by
 Lydia E. Pinkham's Vegetable
 Compound**

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not fit to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge.

If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health by Lydia E. Pinkham's Vegetable Compound.
